NATALIIA LITSKEVYCH

FRONTEND DEVELOPER

Philadelphia, PA 19116 | (215) 602-1310 | nataliia.litskevych@gmail.com
Portfolio | LinkedIn | GitHub

Authorized to work in the U.S. without sponsorship

PROFESSIONAL SUMMARY

Frontend Developer specializing in React and JavaScript, with hands-on experience building responsive web applications, reusable UI components, and integrating REST APIs. Experienced with React, Redux Toolkit, SCSS, Feature-Sliced Design (FSD), testing, and Git-based workflows. Familiar with CI/CD and backend development using Node.js, Express.js, and MongoDB.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), Redux Toolkit, React Router, HTML5, CSS3, SCSS
Architecture & UI: Feature-Sliced Design (FSD), Responsive Design, Mobile-First Development, REST APIs, GSAP, Figma-to-Code
Testing & Development: Git, GitHub, Vite, Vitest, React Testing Library, ESLint, CI/CD, GitHub Actions
Backend - Growing Skills: Node.js, Express.js, MongoDB

PROFESSIONAL EXPERIENCE

Frontend Developer | AL Tech Labs Ltd.
Montreal, QC, Canada | Remote | Feb 2026 - Jun 2026

- Contributed to an interior design web application as part of a collaborative development team.
- Built reusable React UI components within a Feature-Sliced Design (FSD) architecture and implemented responsive interface sections.
- Implemented form-related UI functionality including validation, loading states, create/edit workflows, and separation of application logic from presentational UI.
- Collaborated through Git-based workflows and followed established project architecture and development standards.

Frontend Web Developer | nove8 | Contract
Cyprus | Remote | Apr 2024 - Nov 2025

- Developed responsive web interfaces for a pet-tech product using HTML5, CSS3, JavaScript, and GSAP based on Figma designs.
- Integrated REST APIs and implemented animations and interactive UI elements.
- Collaborated with designers and developers to refine features, debug UI issues, and improve responsive and cross-browser behavior.

Frontend & Web Development Trainee | Can She Code Inc.
Montreal, QC, Canada | Remote | Feb 2024 - Present

- Build responsive applications using HTML5, CSS3, JavaScript (ES6+), React, and Redux in an ongoing hands-on training program.
- Work with REST APIs, Git/GitHub, testing, debugging, and application deployment.
- Currently expanding backend skills with Node.js, Express.js, MongoDB, and REST API development.

Frontend Development Trainee | AuxiliumElit
Philadelphia, PA | Remote | Mar 2022 - Sep 2023

- Combined frontend development training with hands-on practical tasks using HTML5, CSS3, and JavaScript.
- Implemented responsive layouts and UI elements from provided designs and used browser developer tools for debugging.

SELECTED PROJECTS

Interior Design Web Application | Team Project

- Built reusable React UI components within an FSD architecture and implemented responsive interface sections.
- Developed form-related functionality for portfolio content, including validation, loading states, create/edit workflows, and multilingual fields.

Tech Stack: React, JavaScript (ES6+), Redux Toolkit / RTK Query, SCSS Modules, Feature-Sliced Design (FSD), Git/GitHub

Aura Design - Furniture E-commerce App | Personal Project

- Developed a responsive React application with dynamic product filtering, quantity controls, multi-page navigation, and reusable components.
- Built Redux Toolkit shopping cart functionality including cart updates and calculated totals.

Tech Stack: React, Redux Toolkit, React Router, JavaScript (ES6+), HTML5, CSS3, Responsive Design

Nutrition Analyzer | Personal Project

- Built a React application that integrates the Edamam Nutrition Analysis API to process multi-line ingredient input.
- Processed API responses to display calories, total weight, macronutrients, vitamins, minerals, and other nutritional information.

Tech Stack: React, JavaScript (ES6+), REST APIs, Edamam Nutrition Analysis API, CSS3

Recipe Search App | Personal Project

- Built a responsive React recipe search application using the Edamam Recipe API with dynamic API data rendering.
- Displayed ingredients, serving size, calories, nutritional information, and cooking-instruction links; added tests with Vitest and React Testing Library.

Tech Stack: React, JavaScript (ES6+), REST APIs, Edamam Recipe API, CSS3, Vitest, React Testing Library

EDUCATION & CERTIFICATIONS

Master's Degree in Engineering of Technology - National University of Food Technologies, Ukraine | 2013
Certifications: React & Redux - Can She Code Inc.; JavaScript - Can She Code Inc.; GSAP & Figma - Can She Code Inc.; Hands-On Introduction to CI/CD with GitHub Actions - Udemy; The Git & GitHub Bootcamp - Udemy; Ultimate Web Designer & Web Developer Course - Udemy.
